Form Ib.	E. Eggleton.
Form IIb.	Mavis Clarke.
Form IIIb.	T. Proctor.
Form IVb.	B. Cornforth.
Form Vb.	Pearl Mitcheson.

## EDITORIAL

In our last magazine it was mentioned that the Easter edition of the *Grammarian* had been sent to the editor of the *School Magazine Review*. We have now received a copy of the latter and are gratified to see that it contains a very favourable report of our magazine, while the editor has asked our permission (which was granted) to reprint the Photographic Society report which appeared in it.

We offer our sincere congratulations to Mary Anderson who won a State Scholarship last term and has since gained admittance to Manchester University. We wish Mary, who was a former editor of this magazine, every success and happiness while she is at Manchester.

Most pupils were surprised and sorry when Mr. Conroy left suddenly at half-term. We hope he will be present at future school functions.

We welcome Mr. Morris and Mr. Glendinning, the newest members of the staff, who take the places of Mr. Elliott and Mr. Conroy. Mr. Morris teaches Mathematics and Science and Mr. Glendinning is the new Latin master. We hope their stay with us will be long and happy.

Mr. Elliott, who was at the school for a great number of years, has left the district in order to reside at North Sunderland, near Seahouses. A presentation will be made to him on behalf of the Old Students and Staff on the occasion of the Xmas Reunion. A large attendance is expected and it has been decided to engage the services of a small dance band.

Miss Jeffery had a short illness before half-term and we are glad that she has now recovered and is back at School.

Form IIb has a magazine of its own this term and has welcomed our re-printing of extracts from it. It would be a good thing for every form to follow this example, so that there would be more material available for the *Grammarian*.

More educational films are now being used in the school. Recently pupils have seen French, geographical and scientific films, during these lessons. These films are greatly appreciated and are of great benefit to all who see them.

After the summer vacation we were pleased to see that work had at last begun on the new school buildings. So far we can see little progress, as the foundations have not yet been completed, but we are looking forward to seeing the finished buildings, which will include an assembly hall, gymnasium and biology laboratory.

United Nations' Day, October 24th, fell during the Autumn Vacation this year, but in spite of this we wished to do something to commemorate the event. Mr. Carr arranged for Dr. Koh, President of the Korean United Nations Association, to give at this school a lecture on Korea. There was a very good
